

How Much Risk Is Right For You?

Managing Market and Weather Risks

A Workshop for Virginia Livestock Producers

Presenters: Dr. Jay Parsons and John P. Hewlett, RightRisk LLC

The USDA's Risk Management Agency and Virginia Cooperative Extension invite you to learn new risk management strategies and gain a better understanding of how to manage the risks faced by your operation.

Workshop Agenda

☐	Risk Management Options for Managing Weather Risk An interactive presentation on Pasture, Rangeland and Forage protection programs that you can use to manage weather risk and protect your operation from the impacts of drought conditions. Presenter: John P. Hewlett
☐	Risk Management Options for Managing Price Risk Livestock Risk Protection programs are designed to bring price risk tools to small and medium size livestock operations. This presentation will help you understand what is available and how you might use these tools to manage price risk for your operation. Presenters: Jay Parsons (LRP – Lamb) John P. Hewlett (LRP – Feeder Cattle)
☐	The Strategic Risk Management Process An introduction to the Risk Navigator SRM process, a ten-step process to help you systematically manage risk in your agricultural operation and protect your bottom line. Presenters: Jay Parsons and John P. Hewlett
